

ICN AUTOWASH Cleaning System

ICN AUTOWASH

Ink Cup Cleaning System

Inkcups Now introduces the new revolutionary Autowash Ink Cup cleaning system. Designed for quick efficient cleaning of ink cups and small parts, the system provides rapid cleaning cycles and efficient use of chemicals. The Autowash system incorporates an automatic time controlled washing cycle, unique "air pulse" solvent blow off, and separate clean solvent part rinse. The Autowash system drastically reduces cleanup times and minimizes solvent usage.
