ICN-2200

SEMI-AUTOMATIC PAD PRINTER

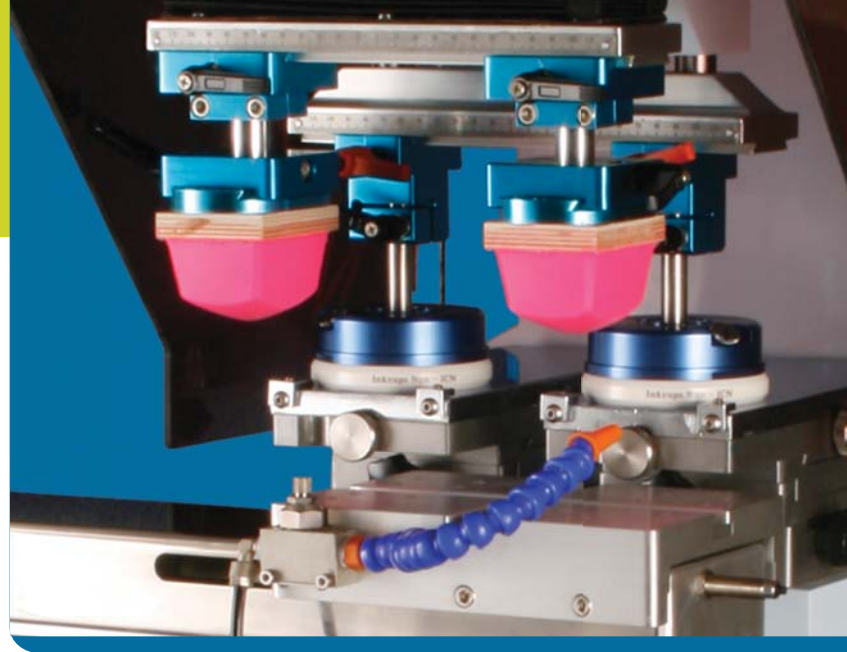

The ICN-2200 is a heavy-duty two color sealed cup printer with a dual position pneumatic part shuttle. The single point fixture mounting with adjustable hold down clamps facilitates rapid set-up and reduces tooling costs. These features, coupled with XYR micro-adjust plate holder assemblies and tool-less quick adjust pad mounts, further reduce make ready time and increase productivity.

This heavy-duty machine design is ideal for situations where future production volumes are unknown or likely to increase. It is easily retrofitted in the field to accept an eight station part carousel transport system to accommodate increasing productivity or automation demands.

With its membrane touch control, it is simple to program all setup features including: pad stroke, pad delay, ink mixing, ink pick up frequency to name but a few. The durable ICN-2200 has ample compression capability and is able to accommodate large, hard print pads – making it one of the most versatile, capable and cost effective two-color pad printers available on the market today.

STANDARD FEATURES

- Electro-pneumatic control*
- Photopolymer, steel & laser plate capable*
- Illuminated plate area*
- Two position pneumatic part shuttle*
- Heavy duty construction with full cabinet stand*
- One or two color capability*
- Also available as single color*
- Upgradable to 8 station carousel*
- Auto ink mixing mode*
- Automated pad cleaning (optional)*
- Variable cycle delay*
- Membrane touch panel control*
- X-Y pad mounts*
- Electrical, pneumatic schematic package*
- Operations manual*

STANDARD LIMITS

INK CUP SIZES	IMAGE AREA	PLATE SIZE
90mm.....	80mm (3.14").....	100mm x 250mm

PRODUCTION SPEED

One color (IPH).....	1800
Two color (IPH).....	1000

POWER REQUIREMENTS & DIMENSIONS

Current/Voltage (1 phase/50-60 Hz).....	10A/110V
Air Consumption (CFM/PSI).....	3-5/80
Typical Dimensions (L x W x H).....	32" x 21" x 55"
Approximate Weight (lbs.) net/crated.....	366/525
Crate Size (L x W x H).....	48" x 33" x 61"

LWH - Length, width, height
IPH - Impressions per hour
