

Inkcups Now Doubled Office and Manufacturing Space of the Corporate Headquarters in Danvers, MA

ICN expanded operations by taking over another floor in the same building at 20 Locust St. in Danvers, Massachusetts. The move has doubled the space to 12,000 sq. For manufacturing, the new setup allowed to add several silicon mixing stations, plate punching and laser etching machines as well as double ink storage. The expansion contributed to the increase in ready-to-ship inventory and production efficiency.
