THE INKJET SOLUTION

INKS & PRIMERS

Our inkjet inks adhere to a number of substrates as well as offer unique qualities such as edibility, flexibility and FDA compliance.

We offer a variety of primers to provide optimum printed results on a wide range of products. Adhesion testing is available upon request.

- Glass
- Stainless steel
- Plastics
- Coated metals

SPARE PARTS & TOOLING

Spare parts for our digital equipment are kept in inventory and ready for delivery; orders typically ship within 24 hours.

Need custom tooling for your printing application? We can make it for you! Send us some sample products and we will create a fixture that works for your production line.

AUXILIARY MACHINES

In addition to our machines, inks and solvents, we offer auxiliary machines to assist with further adhesion requirements and primer application. Our auxiliary machines range from flame-treating equipment to primer spraying devices.
