

150-4C

INK CUPS

150-4C

The ICN-150-4C pad printer is a four-color sealed cup pad printer ideal for large parts. This 4-position servo-controlled parts shuttle allows a user to print on wide parts or parts that require multiple colors. Print up to 140mm in diameter with this robust machine. Forgo the use of certain stations to print 1 color, 2 color or even 3 color images.

The unique pad/ink cup stroke design allows for easy loading of large parts and fine-tuning. The ICN-150-4C pad printer machine's 4-color printing capability adds a level of versatility to the machine, making it perfect for obtaining crisp, colorful, accurate graphics. The ICN-150-4C comes with a heavy-duty base cabinet assembly, height adjust assembly and XYR tooling table. The ICN-150-4C pad printing machine includes a precision 22-station carousel-style part-transport system.
